Portfolio: louiscolemancoding.me/

## SUMMARY

A Full Stack Web Developer with a strong attention to detail who aims to output the highest level of work. Experience collaborating from the top to bottom of companies. Lifelong love of computers evolved into a love of coding. Recently completed a Web Development course through the University of Washington focusing on the MERN stack. Self-motivated and eager to learn more - always striving to be better.

## TECHNICAL SKILLS

**Technologies:** HTML, CSS, Javascript JQuery, JSON, Node.js, Express, GraphQL/Apollo, Handlebars.js, React.js, Bootstrap, BulmaCSS, TailwindCSS, MySQL, MongoDB, Git, & Trello

## PROJECTS

**RocketList** | github.com/meganjacobs97/RocketList | **rocketlist.herokuapp.com/**
RocketList is a message board app that has built in chat functionality. You can login, make a post in one of many categories, and get replies from other users.
- Collaborated with an Agile team of 4 to design, develop, debug, and deploy the application.
- Project manager of the group, holding each developer accountable.
- Contributed to the front-end development -setting up the UI of the app, Redux for the main state management.
- Led regular SCRUM meetings via Zoom and Slack to complete the project in 2 weeks.
- Presented the project to a group of industry professionals.
- React.js, Redux, GraphQL/Apollo, TailwindCSS, MongoDB, Express

**Maple Valley** | https://github.com/coleloui/MapleValley | **https://protected-lowlands-08660.herokuapp.com/**
Maple Valley is an app built to handle registration for the Maple Valley Girl Scout Camp.
- Worked with a team of 4 to write code and tests, build prototypes, and troubleshoot.
- Git Master of the group, making sure all pushes were accurate and did not break application.
- Contributed to the front-end development -setting up the UI.
- Provided support and troubleshooting of developed technology solutions.
- Participate (virtually) in design brainstorming sessions, technical design reviews, formal code reviews, Site Q/A, and functional walkthroughs.
- Express, Express-Handlebars, Sequelize, MySql, BulmaCSS

**PokéGoDex** https://github.com/dionleung14/Pokemon-GO-Virtual-Dex | **https://dionleung14.github.io/Pokemon-GO-Virtual-Dex/**
PokéGoDex is an app built to search for Pokémon and to check them against those in Pokémon Go.
- Participated with a team of 4 in all phases of the development life cycle, focusing on coding, testing, and debugging.
- Assisted in the front-end development.
- Document application code to successfully deliver secure, robust, clean code.
- Participated in regular SCRUM meetings via Zoom and Slack to complete project in 1 week.
- HTML, CSS, JQuery, PokeAPI, Pokemon Go API, Web Animations API, BulmaCSS

# EXPERIENCE

**Teaching Assistant/Tutor/Central Grader**                      August 2020 – Present
**Trilogy Education**                                                        Remote
- Assist and coach a diverse group of coding students on core principles of MongoDB, Express, Node, and React.
- Review submitted code for grading based on file structure, acceptance of criteria, and use of best practices.

**Delivery Driver**                                          May 2020 – September 2020
**Last Mile Delivery**                                                  Seattle, WA
- Reliable team player. Often assisting teammates when they fall behind in routes.
- Consistently ranked amongst the top drivers for most deliveries stops and high driving score.

**Laborer**                                                December 2019 – March 2020
**Raymark Plumbing**                                                    Seattle, WA
- Assisted Plumbers and Sewer crews to effectively repair or remove damaged pipe.

**Forklift Operator,**                                      November 2013 – August 2016
**Office Manager/Vice President**                          October 2017 – October 2019
 **Pelican Building Construction, Inc.**                                 Tampa, FL
- Provided materials for carpenters so that they could be productive in their work.
- Networked all computers in the office to allow for easier file transfers.
- Handled most internal conflicts and resolved with no terminations.

*Key Accomplishments:*
- Promoted from Forklift Operator to Office Manager and later Vice President

**Sales Associate**              October 2009 – November 2013, August 2016 – October 2017
**RinkSide Sports**                                                     Tampa, FL
- Assisted customers in the purchase of Ice Hockey and Figure Skating equipment and apparel
- Sharpened Ice Hockey and Figure Skates.

# EDUCATION

**Bootcamp Certificate:** University of Washington, Seattle, WA
- A 12-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, JSON, Bootstrap, Node.js, Database Theory, MySQL, MongoDB, Express, Handelbars.js, & ReactJS, CLI, & Git.
